

PREMIERE  
NAPA VALLEY

2024

Powered by Sotheby's

# WELCOME

**Thank you for supporting our region and joining us for Premiere Napa Valley 2024!**

This one-of-a-kind event not only offers wines that tell a story of place, vintage and vision, but also an incredible opportunity for cultivating and fostering relationships with key partners in the wine trade. And better yet, wine trade from anywhere in the world can partake in Premiere Napa Valley.

Representing a micro-lot of wines from the 2021, 2022 and 2023 vintages, Premiere Napa Valley gives winemakers the ability to narrow their focus and express the story they want to tell, ensuring that the greatest attention to detail is paid to the creation of the wine. These wines push the limits of creative experimentation and are the encapsulation of a sense of perfection. It is an opportunity for today's winemakers to create innovative or collaborative wines that will be the stuff of legend for generations to come.

All proceeds from Premiere Napa Valley fund programs that fulfill our mission to promote, protect and enhance Napa Valley. We so appreciate your continued support and we look forward to showcasing these incredible wines with you.

*VINTAGE  
REFLECTIONS*

# 2023 VINTAGE OF A LIFETIME

*“Every century, every place has its legendary vintages. I have no doubt that 2023 will go down as one of the most phenomenal vintages ever in Napa Valley.”*

KAREN MACNEIL,  
AUTHOR OF *THE WINE BIBLE*

In 2023, Napa Valley experienced one of the longest growing seasons in a decade or more. With consistent, mild weather throughout the season, above-average crop yields, and extended hang time, 2023 is an exceptional, high-quality, memorable vintage.

Winter and spring rains led to full reservoirs and healthy, saturated soils; ideal conditions as grape growers headed into bud break. The mild, warm summer weather (72-75 degrees F) supported healthy canopy growth through bloom and set. Though vineyards faced mildew pressure, clusters remained loose for good air flow. Relatively cool weather throughout the growing season in tandem with an abundance of sunshine allowed grape skins to ripen slowly and develop maximal dark red color components for red wines.

Harvest kicked off around Labor Day weekend (September 2-4, 2023) for white wine grapes; Cabernet Sauvignon harvest started the end of September / early-October; all picks wrapped

up by mid-November. Vintners relished the long harvest season, which provided extended hang time to develop flavors.

For red wines, full ripeness of grape skins and seeds provided the building blocks for a tannic backbone which is the source of resilience for a long-lived wine. Winemakers describe the wines as having freshness, purity and elegance overall.

# 2022 THE TALE OF TWO HARVESTS

Winemakers are calling the vintage “the tale of two harvests.” The first half a frenzied tempo during the heat spell and the second half a calm after the rain. The white wine harvest kicked off in early August, followed quickly by red wine varieties.

With climate variability as the new normal, Napa Valley grape growers aim to be resilient and adaptable. Their preparation and experience paid off in 2022 as growers faced triple digit heat over five days in September quickly followed by rain that brought harvest to a sudden halt.

The typical gap between the white and red wine harvest was almost nonexistent, and the frenzied tempo continued until the rains provided winemakers a much-needed break. Following the rain were mild weather days, and

grapes were left to hang through October allowing winemakers to wait for perfect ripeness.

Winemakers describe 2022 white wines as having perfect acidity and freshness with remarkable flavors and textures, and red wines as excellent structured with deep red colors, luxurious tannins and exquisite fruit-forward aromatics. Winemakers believe the unique weather events that defined the vintage will showcase the full range of flavors that Napa Valley wines are so well known for from crisp and vibrant to dense and powerful.

# 2021 THE JOY IS BACK

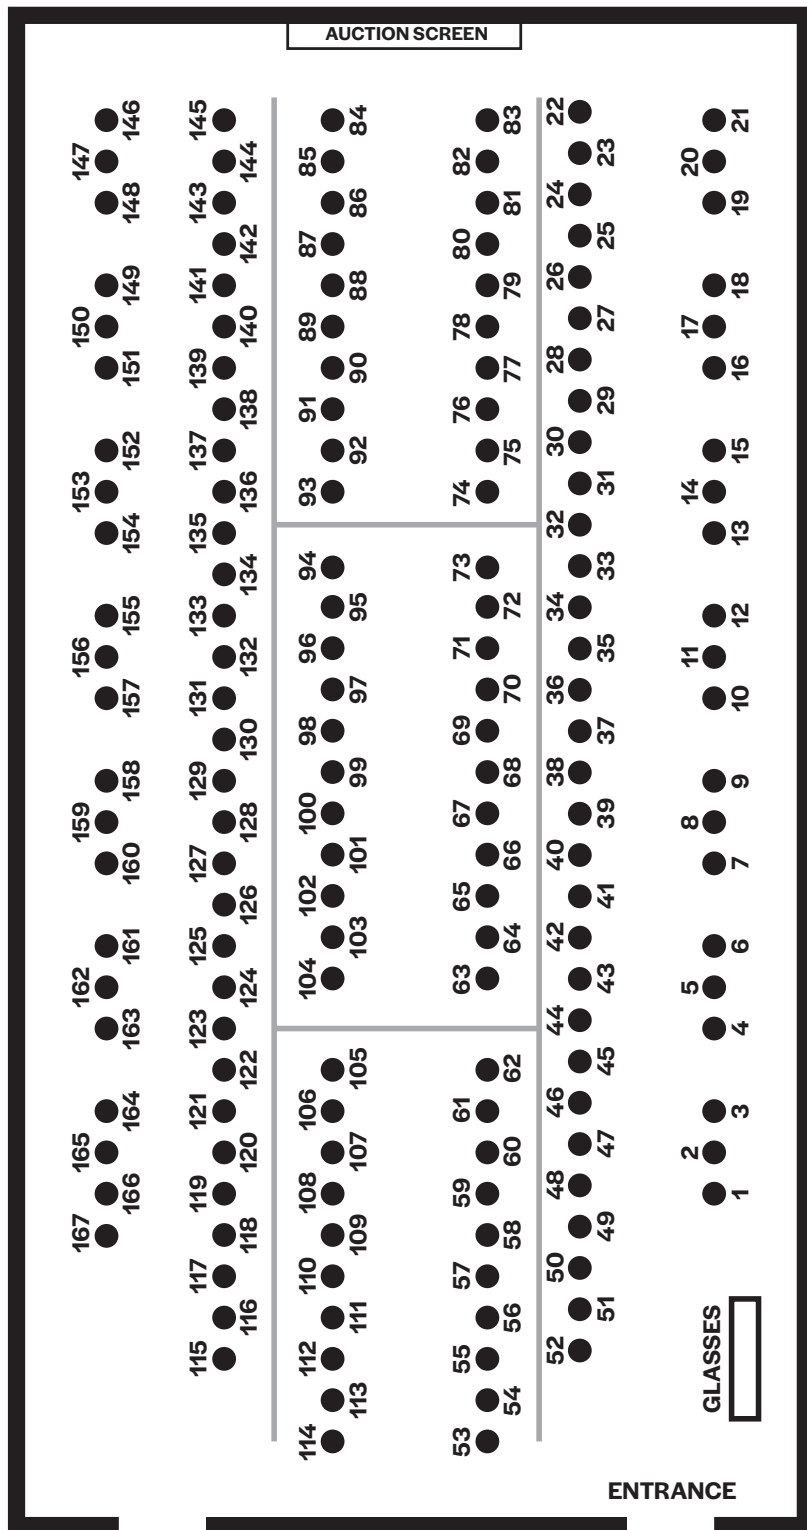

The 2021 vintage will be remembered for low yields with intensely flavored, small-sized berries and a smooth and uneventful harvest season. We started off with very little rain, leading to the second year of drought conditions in Napa Valley. Harvest began early with white wine grapes picked on July 30 and red wine grapes beginning on August 31. While concerning in the long term, the drought resulted in a more natural load on the vines, requiring less pruning and dropping of fruit. The resulting grapes are packed full of flavor. Our winemakers are excited about 2021 as yet another amazing vintage from Napa Valley.

# Burgess Cellars, Heitz Cellar, Stony Hill Vineyard

**2022 Cabernet Sauvignon**

**Founder's Cuvée**

Napa Valley

The first time that historic wineries Burgess, Heitz and Stony Hill have collaborated on a wine

100% Cabernet Sauvignon from our famed estate vineyards - Sorenson, Martha's Vineyard and Stony Hill

Winemakers Meghan Zobeck, Brittany Sherwood and Reid Griggs collaborated to create this unique wine

This is truly a one-of-a-kind lot as this unique wine will never be replicated

---

*"Crafted from the finest Cabernet Sauvignon barrels of Heitz Cellar, Stony Hill and Burgess, this limited edition wine honors the relationships our founders forged during the 1950s, 1960s and 1970s."*

# Lang & Reed Napa Valley

**2022 Cabernet Franc**

**Le Breton**

**Napa Valley**

100% Cabernet Franc, planted to Entav Clone 214, originating from the Loire Valley in France

Sourced from the Sugarloaf Mountain Vineyard in the southeastern corner of Napa Valley on the downslope of the Vaca Mountains

Crafted by Cabernet Franc specialists John and Reed Skupny, the father and son winemaking team at Lang & Reed Napa Valley

Aging for 24 months in a carefully selected Francois Frere Burgundian barrel prior to bottling

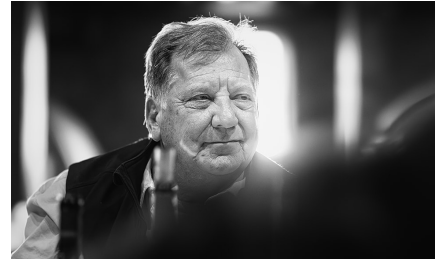

---

*"This wine, as all made by Lang & Reed, is informed by the mentorship of Richard Ward of Saintsbury, who was resolute that wines of balance, grace and complexity are a more satisfying and fulfilling experience than wines of extract, opacity and power. Richard is sorely missed by many, mostly for his wit and joie de vie!"*

Masterfully crafted by Elizabeth Vianna, veteran vintner with more than 20 years of vineyard dedication

---

*"The inspiration for our 2024 PNV lot is the amazing six pairs of hands that have crafted our estate grown wines for many years, and the collaborative spirit and team work that guides us in everything we do. We are constantly inspired by our peers in the valley and love to visit other winemaking teams in Napa to learn and stay inspired. The 2022 vintage of our estate Alpine Vineyard 'Swan Song,' a 28-year-old vineyard in its last crop before replant, captures our history and our core value of team work and collaboration."*

# Trefethen Family Vineyards

**2023** Riesling

Oak Knoll District of Napa Valley

This Premiere Riesling is offered exclusively in magnums

Showcases the Trefethen family's five-decade commitment to Riesling

Certified sustainable from a single vineyard

We have continued to make Riesling from our estate every year since 1974

---

*"Riesling is a time machine harkening back to an age before Chardonnay was Queen and Cabernet was King. Of the many varieties that the Trefethens planted it was among the first. A single vineyard offering allows us to honor the family's commitment to growing estate Riesling these past five decades."*

## The Mascot

### **Multi-vintage** Cabernet Sauvignon Napa Valley

A never-before-produced blend of the 2021, 2022 and 2023 vintages of The Mascot

Specially blended for Premiere Napa Valley 2024 by the Harlan family winegrowing team

100% Cabernet Sauvignon from the young vines of Harlan Estate, the five BOND “crus,” and the Promontory Territory

The first and only multi-vintage blend offered from these distinct and storied properties

---

*“While the Harlan family team’s approach to winegrowing is predicated upon each individual team member’s personal relationship with the individual vines in his or her charge, three diverse generations now work together on the different properties. United by a common a common philosophy and culture, they labor daily to translate the voice and story of these hillsides into the medium of wine. An inevitable yet eloquent tension exists between these groups—a sincere and necessary give and take. The youngest, like the oldest, brings something very personal to this delicately balanced equation of humans and nature—something without which the story (and the wine) would be incomplete.”*
